

In the words of the Spirit Emmanuel, "...health means the perfect harmony of the soul."

Despite modern medicine's incredible technological advances, its main focus is the physical body. This causes the cure to be one-sided. Equilibrium is needed for perfect health and this is frequently lost. When this occurs, there is little or no harmony between body and soul.

"Your life will always be the reflection of your thoughts.

Hence, any real life change will only take place after you change your way of thinking."

André Luiz / Francisco Xavier
